PENCE PRAISES BUSH ON HISTORIC DAY FOR THE UNBORN

President Signs Partial Birth Abortion Ban Act

Washington, Nov 5, 2003 - WASHINGTON, DC – Congressman Mike Pence praised President Bush today for signing the Partial Birth Abortion Ban Act, calling it a historic day for the unborn. Pence's statement follows:

"Today will go down as one of the most satisfying of my career in Congress. As the President signed the bill that ends the barbaric procedure known as partial birth abortion, he effectively ended a medical practice that has no place in civilized society.

"This is the first true legislative victory for the unborn since Roe v. Wade and I pray it will not be the last."
