PENCE ANNOUNCES FUNDING FOR ANDERSON BUSINESS DEVELOPMENT CENTER

Washington, Jul 25, 2003 - WASHINGTON, DC – U.S. Congressman Mike Pence announced today that the U.S. House of Representatives secured $175,000 in funding for the Business Development Center in Anderson, IN.

“I would like to congratulate Mayor Mark Lawler for his assistance in securing these scarce federal resources for the City of Anderson,” said Pence. “Mayor Lawler’s hard work will prove to be of great benefit to the people of Anderson.”

The City of Anderson has formed a partnership with Anderson University and Purdue University to create a technological business incubator. The center’s mission would be to deliver high quality educational and training programs, research, as well as financial advocacy and management services.

The funding was included in the FY 2004 VA-HUD appropriations bill.
