Anderson, IN – U.S. Congressman Mike Pence congratulated BRC Rubber & Plastics, Inc. and Hartford City on BRC's announcement that it will expand its operations in northeast Indiana, creating up to 51 new jobs by 2013. BRC, which creates automotive and industrial rubber and plastics products, recently bought the equipment and intellectual property rights of Veyance Technologies Canada, Inc. and will consolidate Veyance's business to three northeast Indiana locations: Hartford City, Montpelier, and Ligonier.

"I want to congratulate BRC Rubber & Plastics, Inc. on its announcement that it will create up to 51 new jobs by 2013 in northeast Indiana, 40 of which will be in Hartford City," said Pence. "This is great news for Hartford City and the surrounding area, and it is further proof that Indiana has one of the best business environments in America."
