"Today We Celebrate With Connersville"

WASHINGTON, DC - U.S. Congressman Mike Pence released the following statement **after Carbon Motors announced** that it will be setting up a new production headquarters in Connersville, Indiana to manufacture its new Carbon E7 law enforcement vehicle:

"This is a great day, not just for Connersville and Fayette County, but for all Hoosiers. Today, we celebrate with Connersville, and pledge to continue to do our part in the weeks and months ahead to make this transition smooth and successful.

"I offer my congratulations and thanks to Governor Daniels, Mayor Urban, the Economic Development Group of Connersville and all state and local officials whose tireless advocacy was instrumental in bringing today's news to our region. I also want to thank Carbon Motors CEO Bill Li for ultimately affirming our belief that an investment in this community is a smart one."
