

# Support the Pence Amendment to the Labor-H.H.S. Appropriations bill

## *HELP DEFUND PLANNED PARENTHOOD!*

The Pence Amendment would withhold annual appropriations of Health and Human Services' Family Planning funds from Planned Parenthood. It would NOT reduce overall funds available for family planning under Title X.

Planned Parenthood is the largest recipient of Family Planning (Title X) money and is also the largest abortion provider in America:

- In 2008, Planned Parenthood provided nearly **290,000** ABORTIONS.
- They performed nearly **25,000** more abortions in 2008 than the year before.
- Approximately one in every five abortions occurs at a Planned Parenthood facility.
- From 2007 to 2008, Planned Parenthood received nearly **\$350 million** of American taxpayer money.

Planned Parenthood is currently under investigation in multiple states including Indiana, California, Alabama, and Tennessee for allegations of fraudulent use of Title X funding. Many Planned Parenthood centers have also been caught violating state sexual assault and child abuse reporting laws and even encouraging young girls to lie about their ages to circumvent state reporting laws.

Family planning services that are necessary can be provided by groups that do not actively promote abortion and fight off every possible common-sense restriction on abortion. It is time to defund Planned Parenthood.

### **Partial Transcript from UCLA student investigation**

**Planned Parenthood staff** *"If you're 15, we have to report it. If you're not, if you're older than that, then we don't need to."*

**Girl** *"Okay, but if I just say I'm not 15, then it's different? So I could just say..."*

**Planned Parenthood staff** *"You could say 16."*

**Girl** *"I could say 16."*

**Planned Parenthood staff** *"Yes."*

**Girl** *"Okay, yeah. So I would just write 16?"*

**Planned Parenthood staff** *"Well, just figure out a birth date that works. And I don't know anything."*
