“It’s Time to Put Our Fiscal House in Order”

Washington, D.C. – U.S. Congressman Mike Pence voted today against H.R. 2112, the Consolidated and Further Continuing Appropriations Act, 2012. H.R. 2112 provides for a spending level that is $24 billion above the House-passed budget resolution.

"This legislation exceeds the House-passed budget level by $24 billion and it even exceeds the $1.043 trillion limit that we promised to the American people in August, and I cannot support it."
