Washington, D.C. - U.S. Congressman Mike Pence issued the following statement today supporting H.Con.Res. 112, establishing the budget for the United States Government for fiscal year 2013 and setting forth appropriate budgetary levels for fiscal years 2014 through 2022:

"For the economy to grow and for Hoosier businesses to create jobs, we must address our spending problem head-on and get our fiscal house in order. I support this budget because it makes the necessary reforms to change the way Washington spends the money of hardworking taxpayers, and it renews our commitment to fiscal responsibility."
