Today, Congressman Pence, along with Congressman Burton and Congressman Buyer participated in a joint press conference calling on Speaker of the House Nancy Pelosi to allow a vote on an energy bill that would allow more domestic drilling.

WISH TV was there and reported on it.

*Three of the four representatives met at a truck dealership to talk about the current energy crisis. The lawmakers argue, if the United States is serious about lowering energy costs and oil dependency than Congress must pass a bill for the president to sign. A bill that allows drilling on the outer continental shelf, as well as, Alaska's Arctic National Wildlife Refuge.*Video of the press conference is available **HERE** .
