

Congressman Pence led a forum on Wednesday with leading economic experts to discuss the current situation in Greece and Europe, and the impact these bailouts have on the U.S. economy and its taxpayers. Last week, Congressman Pence

[stated](#)

, "It is important for world markets that Greece and other European nations right their economic ships, but Indiana families should not be responsible for bailing out nations that have created their own debt crises through out-of-control spending." The Congressman also

[introduced legislation](#)

to stop U.S. tax dollars from being used by the International Monetary Fund (IMF) for bailouts of European countries.
