

Anderson, IN – U.S. Congressman Mike Pence congratulated the city of Winchester and Indiana MARUJUN, LLC, a Honda automobile parts supplier, on the announcement that MARUJUN will create up to 50 new jobs by 2015 and invest \$21.78 million to expand its operations.

"This expansion and jobs announcement is great news for the city of Winchester and MARUJUN, and I want to congratulate them" said Pence. "MARUJUN will continue to benefit from the work ethic and skills of the people of Winchester, and the entire community will benefit from this vote of confidence by MARUJUN."

Background from Indiana Economic Development Corporation:

Founded in March 1999 and operational in June 1999, Indiana MARUJUN, LLC is located in Winchester, Indiana, and is a Tier 1 supplier to Honda. Its operations include stamping, welding, assembly, paint and waste water treatment. The company ships to Honda plants across North America, including Honda's Greensburg, Ind. facility.

MARUJUN currently has 534 full-time employees in Indiana, and has already begun hiring new production manager, control technician, engineer, line team leader and coordinator employees.
